Torino, 16 settembre 2015

Georgy Poltavchenko
Governor of the City of Saint
Petersburg
Saint Petersburg City Administration
Russian Federation

Dear Governor,

with reference to the cooperation between our cities, Torino and Saint-Petersburg, let me sincerely thank you for the participation of your wonderful city in the international children festival "The Children's World" held from 1 to 9 August 2015 in Torino. Russia and Saint-Petersburg were represented by two wonderful groups: the children's choir of the famous Mariinsky theatre and the street theatre "Mr. Pejo's Wandering dolls". All performances were shown at the highest level and were appreciated with the highest rank by the citizens of Torino and tourists visiting Torino on the way to Expo Milano 2015.

High professionalism, well-wishing approach of the organizers of the Saint-Petersburg program (production company NEVA-ART and artistic director of the State Drama Theatre "Priyut komedianta" Viktor Minkov) had done all but impossible to remember for long this magnificent performance of Saint-Petersburg artists in such prestigious international forum.

I look forward to meeting you soon and continuing mutually advantageous cooperation for the prosperity of our cities.

Best regards,

Maurizio Braccialarghe
